2 - Wheeled Containers

140, 240 and 340 litres

Product range - 340 - 240 - 140 litres

STURDY 2 - Wheeled Containers are designed and manufactured after extensive research into user's needs. All are manufactured to European Standards EN 840. Plastic surfaces present a balance of gloss and matt finishes. The appearance is truly contemporary - rounded, functional and streamlined, up-to-the minute.

FEATURES & BENEFITS

- **Functional:** The lid is easy to lift from any direction, hand grips run around three sides of the lid.
- **Modern Design:** The sloped top lid sheds rainwater.
- **User friendly:** Easy to use and highly manoeuvrable.
- **Quiet:** Rubber tyred wheels.
- **Long Lasting:** Steel components are anti-corrosion plated.
- **Durable:** Long-life body Maintenance free - no rust - no painting.
- **Environment friendly:** Moulded plastic components are injection moulded from high density polyethylene treated with UV stabiliser, which are recyclable.
- **Mechanical friendly:** Designed for mechanical handling by all container-lifting devices in current use.
- **Choice:** Available in Dark Grey, British Green, Coal Grey and Alicante Green.
- **Personalisation available** - panels for your logo, to promote your business

▲ Strong lid facilitates reliable and easy raising and discharge of contents.

▲ Easy lift lid. Hand grip around 3 edges of lid, easily lifted from any side.

▲ Ergonomic designed handle makes it easy to manoeuvre.

▲ Secure fitted 4 hinged part lid - for long life.

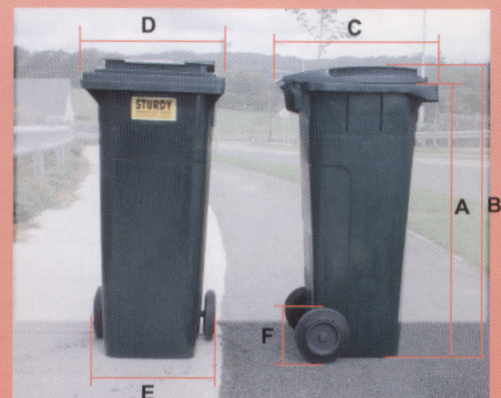

EN 840 Standard
